S015 DOUBLE BOWL STAINLESS STEEL SINK

\$624.00 - MSRP

INDUSTRY POWERHOUSE

We offer our stainless steel sinks in a variety of bowl shapes, sizes, and installation methods. Each sink is complete with a beautiful brushed satin finish that helps conceal small scratches that may occur over the lifetime of the sink. Our stainless steel sinks are made from high-quality 14-, 16-, or 18- gauge steel in the 304 series, which guarantees they will not rust or stain, and most models are made of one piece construction that ensures sturdiness and durability. Each sink is fully insulated to help prevent dripping and condensation buildup under the sink and features a sound-dampening pad to minimize noise.

FEATURES

Solera offers undermount, top-mount, apron, and dual-mount stainless steel sinks in a variety of bowl and gauge options. Each sink is fully insulated with sound dampening pads, making it no surprise that Solera customers choose stainless steel kitchen sinks more than any other material.

LET`S ACCESSORIZE

Our grids and cutting boards are custom-made to fit our sinks. The grid protects the base of the sink, while the natural cutting board gives you more useable work space. We offer two different strainers: the standard strainer has a removable tray, while the basket strainer features a deeper, perforated metal basket with a handle.
